Skills

Developer with experience in Python, JavaScript, React, HTML, and CSS. Solid knowledge of SQL and Visual Basic. Also experienced with agile methodologies such as Scrum and Kanban. Intermediate English.

Experience

APR 2018 – APR 2020

Sispro Software Empresarial, Canoas, RS – *Junior Software Developer*

- Developed and maintained fiscal systems using Visual Basic, applying tax rules and state-specific calculations.
- Bug fixing and legacy code maintenance, supporting production environments and evolutionary improvements.
- Data handling using SQL and Oracle.
- Assisted with documentation of adjustments and implemented changes.

JAN 2018 – APR 2018

Sispro Software Empresarial, Canoas, RS – *Software Development Intern*

- Worked in the fiscal management area using Visual Basic.
- Supported the team with bug fixing and legacy code maintenance, using SQL for data queries and manipulation.

Education

JAN 2018 - ONGOING

ULBRA, Canoas, RS – *Bachelor's in Systems Analysis and Development*

Focused on programming logic, databases, and web development. Participated in projects using agile methodologies and languages such as Python, JavaScript, and SQL.

Cursos

JAN 2025 - ONGOING

EBAC – *Full Stack Python Developer*

Covers front-end and back-end technologies such as HTML, CSS, JavaScript, Vue, React, TypeScript, Redux, Python, SQL, and Django. Includes tools and preprocessors like jQuery, Bootstrap, Sass, Less, Gulp, Grunt, and Docker, as well as integration with REST APIs.
